TEN PAGES TODAY

THREE TRAINMEN SERIOUSLY HURT

Pennsylvania Caboose Is Derailed
and Turns Over in Ditch, Brake-
men Being Pinned Down.

DRAWBAR CAUSES MISHAP

Trainmen, Soaked With Coal Oil, Are
Saved From Being Burned by
Safety Device on Stove.

Three trainmen were seriously injured here this morning about nine o'clock, when a caboose on local freight 484, southbound on the Pennsylvania railroad, was derailed, and rolled down an embankment of several feet, into the ditch, at the edge of Rushville, as the train was leaving this city.

The injured are Marshall L. Smith, and Carson Schalk, brakemen, and M. Jay Dailey, conductor, all of Columbus, Ind., who were riding in the caboose.

The train was running light with only seven cars, and was travelling about 25 miles an hour, just leaving the city, after finishing their local switching here, and a drawbar on the fourth car pulled out, clearing all of the cars except the caboose.

The accident happened near the bridge over Hodges branch, at the end of the passing switch, at the extreme southwest edge of Rushville. Smith and Dailey were riding in the loft of the caboose, and when it was thrown over and rolled down the steep embankment, they were pinned in the corner with several heavy pieces of iron on top of them.

Each of them was severely injured about the head and face, and Smith suffered a deep gash on his right hand and a sprained shoulder.

Dailey was also badly injured in the same manner and Schalk was only slightly bruised, not being pinned in with the other two.

When the drawbar pulled loose, it fell underneath of the cars, and the remaining three cars passed over it in safety, but the caboose was built lower and it was derailed.

The trainmen considered themselves fortunate in escaping as lightly as they did, and were commenting upon the fact that the safety devices recently installed on stove lids and doors, saved the caboose from burning, which would have probably killed each of the two men pinned down, as they were soaked with two gallons of coal oil, when the caboose turned over.

As it was, the fire in the stove was not thrown out, because of the safety devices, and the doors did not open and spread the fire over the caboose.

A wrecking train from Columbus arrived about noon, and was busy this afternoon in raising the caboose from the ditch. Before the wreck crew arrived, traffic was open as the main track was not blocked.

LAST SHOW YIELDS \$27.22

Brings Total in Child Welfare Fund
Above \$100

The net proceeds from "Rip Van Winkle" given at the Graham Annex last night, amounted to \$27.22 which will bring the fund obtained in giving picture shows in the school building up to more than \$100. This money will be given over to the Child Welfare Fund, and it is planned that next year the milk feeding club will be introduced in all of the lower grades of the city schools, and will be maintained largely by the proceeds obtained from the motion picture shows. The play last night was the last for the present school semester, and was enjoyed immensely by those that attended.

ADVANCE ON POLES

London, May 20.—The Russian Soviet troops started a general advance against the Poles on a fifty mile front, according to advices received here today from Moscow. The Russian troops pierced the Polish front May 14 and have advanced thirty miles. The Polish retreat amounted to almost a panic in some districts, the dispatch stated.

G. A. DEHORITY NOMINATED

Son-in-Law of Charles A. Mauzy
Named Treasurer by Democrats.

George A. Dehority of Elwood, son-in-law of Mr. and Mrs. Charles A. Mauzy of this city, was nominated for state treasurer by the democratic state convention in Indianapolis this afternoon. This office was the only one for which there was a contest in the convention, Dehority's opponent being Lawrence A. Handley of Richmond. He withdrew during the balloting.

Michael F. Lovett of Carthage was elected an alternate delegate from the sixth district to the national convention at San Francisco. He was the only Rush county man being chosen for any position in the meeting of the delegates of the district last night.

DELEGATES CHEER THOMAS MARSHALL

Ovation Given Vice-President When
Ralston Announces Attempt Will
be Made to Nominate Him

AT DEMOCRATIC CONVENTION

Marshall, Delivering Keynote, Fails
to Get Much of a Rise When
He Mentions Prohibition

(By United Press.)

Indianapolis, Ind., May 20.—Dr. Carleton McCulloch, of Indianapolis was chosen the democratic gubernatorial nominee by acclamation this afternoon. Other nominees were: Lieutenant-governor, S. M. Foster of Fort Wayne; secretary of state, Charles W. Wagner of Columbus; attorney general, George A. Shuck of Newport; treasurer of state, George A. Dehority of Elwood; reporter of supreme court, Wood Unger of Frankfort; superintendent of public instruction, Miss Adelaide Steele Baylor of Wabash; judge of supreme court, fifth district, Judge F. E. Bomser of Warsaw; judge of appellate court, first district, Elbert Swan of Rockport; judge of appellate court, second district, John G. Reidebach of Winamac.

In the governorship race no opposition developed to McCulloch. It was generally supposed that J. K. Risk of Lafayette, who opposed McCulloch in the primary, would make an attempt for the nomination.

In the race for secretary of state Senator Edward P. Elsner of Seymour, who had been mentioned in the connection with that place, withdrew and his name was not brought on the convention floor.

In the nomination of a man for treasurer of state, the convention secretary was half way through the roll call of counties when Lawrence A. Handley of Richmond withdrew because it was apparent that Dehority had apparently won the nomination.

The convention adjourned at 2:15 p. m. this afternoon.

Indianapolis, Ind., May 20.—Vice President Thomas R. Marshall today was named to head the list of Indiana's four delegates-at-large to the democratic national convention by the state convention in session here. The other delegates are Former Governor Samuel Ralston, Thomas Taggart, democratic candidate for senator, and Mrs. Alice McCulloch of Fort Wayne.

The delegates and other alternates were selected when the committee on rules submitted its report embodying the names of the delegates and their alternates.

The report also moved the ratification of the primary choice of Thomas Taggart as the party senatorial aspirant, names proposed for electors-at-large and contingent electors and carried the certified vote of the party for the democratic governorship race. It was adopted without opposition.

That the delegates to the national convention will vote for Marshall on the first ballot at least was indicated by the ovation given Vice President Marshall when Former Governor Ralston referred to the

Lived 96 Years And Never Rode On Interurban Car Or Automobile

Miss Sallie Ruby, Oldest Born Native of Rush County Died Last Night After Living on Same Farm For Almost a Century, With No Desire to Attempt the Modern Modes of Travel, Never Even Seeing a Traction Car.

To live in the Twentieth Century without riding in an automobile or street car, is an unusual thing, but with the death of Miss Sallie Ruby, at her home in northern Rush county last evening, it was learned, such a person had lived for 96 years.

Miss Ruby was probably the oldest born native citizen of Rush county, having been born 96 years ago on the same farm on which she died, it being located just east of Carthage.

The deceased was not peculiar in her ways, but was a typical "home-

body" and did not desire to do the things that were so modern.

Even though she lived within a few miles from a traction line, she never rode on one, nor did she ever see one. Automobiles, passed her home daily, and friends invited her to ride, but she never desired to ride.

She lived almost a century through several wars, and witnessed the rapid growth of the country, with modern inventions and the like, but was never possessed with any desire to leave her home, and spent the 96 years in Rush county.

She died last evening about 10:30 o'clock and is survived by one nephew Alvin Ruby, who made his home with her. The funeral services will be held Friday afternoon at two o'clock at the late residence and burial will be made in the cemetery, about a mile east of her home.

LOCAL MEN FORM AN OIL COMPANY

Cole Oil and Gas Company Takes
Out Articles of Incorporation
Which Are Filed Here

PLANS TO DRILL FOR OIL

Five Rushville Men Buy Land in
Drake County, Ohio, and Oper-
ations Will Soon Begin

"The Cole Oil and Gas Company" of Rushville has filed a certificate of becoming a corporation with the secretary of state, and has also filed the certificate in the county recorders office in this city, the amount of stock being listed at \$50,000.

The board of directors will consist of the following five Rushville men: Homer W. Cole, John D. McGee, William L. Newbold, J. M. Ogden and E. B. Casady, and the certificate states that the place of business will be Rushville.

When interviewed today, the promoters of the new company stated that they had purchased a tract of land in Drake county, Ohio, and will begin oil operations at once.

Drake county is on the western border of Ohio and the land purchased is close to Union City, Ind. The prospects of striking oil are most excellent, the promoters say, as much oil is being taken from fields that are within close range.

On a piece of land adjoining, a company has drilled 12 wells, and in each case they all proved to be good. Clem Heaston, a former resident here, is now residing on the land owned by the Rushville men, and the first drilling will be started on the land by Mr. Heaston's home.

The articles of incorporation state that the purpose of the new association is "to drill and mine for mineral oil, natural gas, or any mineral product; establish and maintain mine lines, oil tanks, pumps, and power, and to buy, lease or hold real estate therefor; also to manufacture and refine from said minerals any or all of the commercial products which may be derived therefrom and market the same."

The articles also state that the \$50,000 stock will be sold at a dollar a share, stock being non-assessable.

The directors will probably offer some of the oil stock for sale, but at present time they are busy in getting ready to start drilling for the oil. Immediately upon taking out the papers with the secretary of state, a company that drills wells was notified to begin operations.

BONUS BILL HITS SNAG

Washington, May 20.—The republican soldier's bonus bill struck a snag in the house ways and means committee today when the democrats succeeded in writing into the measure a tax of 10 percent on the proceeds of issuing a stock dividend.

HELP IS EXTENDED TO MANY CHILDREN

Accomplishments of Board of Child-
ren's Guardians Revealed in
Report For School Year

1,000 PHYSICAL EXAMINATIONS

Board Makes It Possible For De-
fects of Children, Whose Par-
ents Aren't Able To, Be Cured

The marvelous work of the local board of children's guardians during the last school year is revealed by a report which has been made, showing the progress which has been made in discovering defects in school children and curing them where the parents are unable to provide the means.

This work of the board is financed entirely by the Rushville chapter of the Tri Kappa sorority, which has pledged its support. The sorority raises the money for this charity by various means, giving card parties and using other methods to make it possible for the board, all members of which devote considerable time to the work, to accomplish such wonderful results as have been obtained during the past nine months.

Not the least of the accomplishments of the board was the physical examination of one thousand school children in the Rushville public schools. This was done by Dr. Lowell M. Green and Miss Ruth Gronier, the visiting nurse, at the request of the board, and was paid for by the board.

Members of the board visited the parents of all of the defective children who were not financially able to correct the defect. In each case the board offered to pay for having the child cured, no matter how obstinate the case or how much it cost.

At the last meeting of the board arrangements were made to extend this kind of relief work throughout the county, and next year it will take on a broader scope, so that eventually the whole county will be covered.

Other examples of the work done by the board are the following:

Thirty-one children in Rushville public schools who have been found to be suffering with diseased tonsils, will undergo operations at Dr. Frank H. Green's hospital during the vacation. They will be taken to the hospital two or three at a time, as soon as school closes for the summer.

Seventeen girls and boys are being cared for in homes throughout the state, having been placed there by the board.

Thirteen children who were suffering with eye defects have been provided with glasses.

Two girls are being cared for in private homes in Rushville.

Two children have been given operations for diseased throats.

One afflicted girl will be given financial aid to start her in business.

ROAD QUESTION POSTPONED

State Highway Commission Unable
to Act on Local Matter Wednesday

The state highway commission did not pass on the question of taking over the Brookville road, yesterday, as was expected, because the commission found it necessary to go to the north part of the state to inspect some roads which are proposed for the state highway system.

The commission notified local good roads men who are endeavoring to have the road taken over by the commission, that when the time for reaching a decision in regard to the Brookville road was decided on, they would send them word so that delegations could be present from cities and towns all along the road between Indianapolis and Brookville.

FOOD PRICES ALSO HIT THE TOBOGGAN

Downward Trend Is Noted Today.
Following Drop in Clothing and
Other Commodities.

REDUCTION IS NOT GENERAL

Cause For Slump Is Tightening of
Money Market and the General
Economic Situation.

(By United Press.)

Food today joined with the clothing and other commodities in the downward trend of prices.

Although the slump in the food prices were not general, reports being received only from southeastern cities, retail grocers and government officials at Washington today predicted that prices on food would soon be reduced throughout the nation.

The cause for the slump is based on the tightening of the money market and the economic situation.

The liquidation of loans ordered by the federal reserve board has been proceeding quietly throughout the country for several weeks. Borrowers were not pressed to face disaster as bankers desired to protect their customers' credit, but they were given to understand that any loans would be limited.

The stock market, continued to drop today due to the tightening of the money situation.

Another important factor in the slump in prices is the reduction on all exports. The department of commerce announced today that the exports were \$135,000,000 less in the month of April than in the previous month, due to the fact that Europe is getting back on her pre-war basis and does not need American products, thus forcing the sale of goods in this country.

FARMERS SEE A 'TWISTER'

Say Damage Would Have Been Done
Had It Been Nearer Earth.

Farmers living west of Rushville reported seeing a "twister" yesterday afternoon, which might have done immense damage if it had been nearer the earth.

The tenant on the John Ward farm, Mr. Hileman, told neighbors he was standing under a tree in a field on the farm when he saw the funnel-shaped object approaching, and heard the roar of the wind. He declares it twisted the top of the tree under which he was standing, and that if it had been closer to the ground, it would have uprooted the tree. Ross McDaniell was another farmer who reported seeing the "twister."

HAS TYPHOID FEVER

Dick Ball, son of Mr. and Mrs. Merrill S. Ball, is suffering with a case of waking typhoid fever, but shows signs of improvement.

MRS. RAY GARTIN IS BETTER

The condition of Mrs. Raymond Gartin, living northeast of the city, who is suffering with diphtheria, was reported today to be improved.

SALVATION ARMY CAMPAIGN BEGINS

Home Service Appeal, Conducted by
Elks Committee, Will Continue
Until June 1

COMMITTEEMEN ARE NAMED

County is Divided Into Sixty Dis-
tricts With Three Elks in Each
Section to Canvass

The Rush county appeal for a \$5,000 Home Service fund for the Salvation Army got under way today and will continue until June 1.

The county was divided into sixty districts by the Elks committee which is in charge, and three Elks have been appointed for each section to do the canvassing. In some instances the committee is composed of five men.

Rushville city, which is called on to contribute half of the county quota, is divided into forty-four districts and Rushville township outside of the city, four districts.

In view of the fact that the county gave \$3,472.53 to the Home Service fund last year, far over subscribing the quota, it is believed that this year's allotment will be readily raised. The districts and teams appointed are as follows:

No. 1—East of Main street and south of First street, W. S. Oneal, H. C. Tompkins, C. P. VanCamp.

No. 2—Court-house, C. A. Frazer.

No. 3—East side of Perkins street and between First and Third streets, Walter Camp, Edmund Gartin and Jerome Caron.

No. 4—Third and Fifth streets, east of Perkins, Dr. Frank Green, R. L. Tompkins and Dale Fisher.

No. 5—Fifth and Sixth streets, east of Perkins, Dr. L. M. Green, Glen Moore, Homer Havens and L. M. Sexton.

No. 6—Sixth and Eighth streets, east of Perkins, Scott Hosier and Frank Catt.

No. 7—Eighth and Tenth streets, east of Perkins, Walter Easley, C. Cross and W. O. Feudner.

No. 8—All north of Tenth street and east of Perkins, Dr. Dragoo, A. L. Riggs and Byron Cowing.

East side of Main street and west side of Perkins between the following streets.

No. 9—Second and Third streets, Samuel Trabue, G. P. Hunt and Clem Miller.

No. 10—Third and Fourth streets, Harry Green and Frank Camp.

No. 11—Fourth and Fifth, O. M. Dale and Charles Caron.

No. 12—Fifth and Sixth, Rich Reed, T. H. Reed, Dr. J. C. Sexton and Thos Lytle.

No. 13—Between Sixth and Eighth streets, J. V. Young, Roy Harrold, Guy Abercrombie and Frank C. George.

No. 14—Eighth and Tenth, V. Carvitt and Earl Moore.

No. 15—All north of Tenth street, Chas P. Mauzy, John L. Nipp and W. C. Smith.

East side of Morgan street, west side of Main street between following streets.

No. 16—All south of North side First street, John Madden and Gus Schriebe.

No. 17—First and Second streets, W. M. Bias, O. C. Brann, and W. G. Newlin.

No. 18—Second and Third streets, Homer Havens, Fred Johnson, Jack Knecht.

No. 19—Third and Fourth streets, Harry Wyatt, Horatio Havens.

No. 20—Fourth and Fifth streets, Dr. Carl Beher, Syd Hunt and Paul Root.

No. 21—Fifth and Seventh streets, W. P. Jay, Claude Cambren, Harry G. Beale.

No. 22—Seventh and Ninth streets, Chas Bebout, Eary H. Payne.

No. 23—Ninth and Eleventh streets, Derby Green, A. B. Irem.

No. 24—All north of Eleventh street, Roy Abercrombie, Ned Abercrombie, Albert Allen.

East side of Harrison street, west side of Morgan, between following streets.

No. 25—All south of north side Second street, W. L. Hubbard, Glen Knecht, John Knecht.

No. 26—Second and Fourth streets, continued on page two.

Orchard Information

WHEN TREES BEGIN BEARING

Time Reckoned for Various Fruits—
Apples and Pears Take Longest
Stretch of Time.

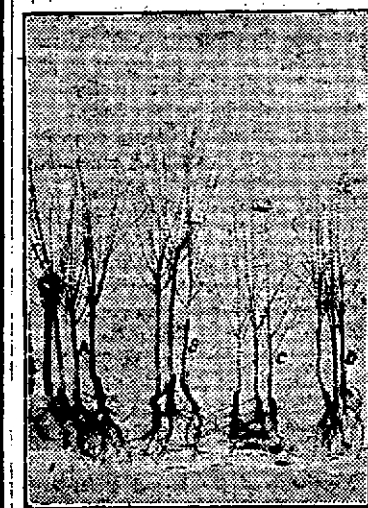

(Prepared by the United States Department of Agriculture.)

Reckoning the age of a tree from the time when it is planted in its permanent place, apple trees should begin to bear, as a rule, when they have been planted six to eight years.

Certain varieties, as the Yellow Transparent and Wagener, may bear considerably younger, and others, such as the Northern Spy and Yellow Newton, not until they are somewhat older. Individual trees of the same variety vary somewhat in this respect.

Pear trees bear, in general, at about the same age as apple trees, though perhaps a little younger.

Peach trees under favorable conditions often bear at three years of

Sour Cherry Trees Representing Different Grades of Nursery Stock, as follows: A, Two-Year-Old Large Montmorency on Mazzard Stocks, Three-Fourths Inch Grade, Five to Seven Feet; B, Same as A, Except That the Trees Are on Mahaleb Stocks; C, One-Year-Old Montmorency on Mazzard Stocks, 5-8 to 11-16 Inch Grade, Three to Four Feet; D, One-Year-Old Large Montmorency on Mahaleb Stocks.

age, and in any event they should bear at four years unless injured by frost or otherwise.

Plums vary considerably according to the group to which they belong, but most sorts begin to bear in four or five years after planting.

Sour cherries ordinarily begin to bear in about four years and sweet cherries at six or seven years after planting.

Apples come into bearing at about the same age as peaches, or sometimes a little later.

Quinces are usually five or six years old before they bear much fruit.

Raspberries, blackberries and dewberries, if planted in the spring, should bear a light crop the next year. Strawberries planted in the spring or early enough in the autumn to make a good growth before the advent of cold weather, should produce a good crop the next season.

Currants and gooseberries commonly bear a few fruits the third season after planting.

Grapes may bear very lightly the third season where conditions are favorable, but too much fruit should be expected earlier than the fourth year.

QUALITY SERVICE

FUNERAL OF FORMER ORANGE TOWNSHIP MAN

Services For John Douthitt, Age 70,
Who Died Near Cincinnati, Held
This Afternoon

DIED OF CANCER OF STOMACH.

Funeral services were conducted this afternoon at the Moscow Christian church for the late John Douthitt, aged 70 years, a former resident of Orange township, who died Tuesday afternoon at his home 20 miles northeast of Cincinnati. Mr. Douthitt lived in Orange township all of his life, having moved to Ohio last fall. Cancer of the stomach caused his death.

The remains arrived in St. Paul yesterday afternoon and were taken to the home of his sister, Mrs. Minnie Redenbaugh. The St. Paul tribe of Red Men took part in the services today, as he was a member of that organization.

Surviving are the widow, and the following children: Darlie, Walter, and Mrs. Thomas Wiley, all of Orange township, and two sons who lived with the deceased in Ohio. Four sisters also survive, Mrs. Minnie Redenbaugh, Mrs. Missouri Redenbaugh, Mrs. Hattie Rank, all of St. Paul, and Mrs. John Atter of Orange township.

For Age Computation.
To compute the age and birth month of a person ask the person to think of his age, multiply by 10, add 25, multiply by 10, add the number of the month in which he was born, subtract 250. The first two numerals will be the person's age and the last two the month in which he was born.

IN MEMORIAM
"Sometime when all life's lessons have been learned, And sun and stars forevermore have set, The cross which our weak judgment here has spurned, And heartaches o'er which we grieved with lashes wet, Will flash before us out of sorrow's night, As stars shine clearest from deep fields of blue. And we shall see how all God's plans are right, And how what seemed unjust was love most true." Again kindred and friends, and neighbors are assembled to offer their tributes of sympathy and respect, and to perform the last solemn obligations for one whose entire life has been lived in our community.

Indiana Gwinup Jinks was born in Rush county, Indiana, November 27th, 1865. Died after a period of intense suffering both preceding and subsequent to an unavailing operation at Sexton's sanitarium in Rushville, Indiana, April 21st, 1920, aged 54 years, 4 months, 24 days. She was the daughter of Job and Elizabeth Gwinup and was one of a family of ten children, three of whom have preceded her to that realm from which none return. December 24th, 1890, she was united in marriage to A. L. Jinks, with whom she shared life's joys and sorrows for nearly thirty years. To this union were born seven children, one of whom died in infancy.

Those who survive to cherish her memory and mourn her inestimable loss and profit by her example and precept are the husband of her youth, four daughters, Mrs. Dolph White, Mrs. Harley Austen, Mildred and Helen, two sons, Chester and Albert, two grandchildren, Robert L. Austen, and Mary F. White, one sister, Mrs. Dan Laughlin, five brothers, Richard, Luther and Ozias, of Rush county, Dora of Indianapolis, and John, of California and many other relatives, neighbors and friends.

She was a loyal and devoted wife and a conscientious and self-sacrificing mother, a kindly neighbor and a generous friend. She was quiet and unassuming in her every day life, and her sterling character was founded on her life motto, "to speak the truth and be honest," and as she journeyed down life's pathway, she strove to mold her children's lives according to this high ideal.

No one can take the place of a mother, and in the time of any future sorrow or temptation, may her children feel her presence near them to comfort and strengthen, and as the years go by, may her mother love brood over them like a benediction. "If I were hanged on the highest hill, Mother o' mine, O mother o' mine; I know whose love would follow me still. Mother o' mine, O mother o' mine. If I were drowned in the deepest sea, Mother o' mine, O mother o' mine; I know whose tears would come to me. Mother o' mine, O mother o' mine. If I were wrecked in body and soul, Mother o' mine, O mother o' mine; I know whose prayers would make me whole. Mother o' mine, O mother o' mine."

Services were held at the home April 23, 1920, and conducted by Reverend Hetrick of Mt. Olive and Rev. Deeres of Little Flat Rock.

I will be in Rushville every week at Scanlan House.

—Mark Purcell was in Indianapolis today and attended the state convention of the democratic party.
—Mrs. Margaret Morton has left for Winona, Ind., where she will spend the summer in her cottage.
—Mrs. Effie Carney and little niece, Eleanor Stiers spent yesterday with Miss Marian Carney and attended the "Tree Day" exercises at Western College, Oxford, O.
—Mr. and Mrs. Clifford Reddick of Louisville, Ky., were in this city last evening visiting friends and relatives. Mrs. Reddick was formerly Miss Lucille Linn of this city.
—Mr. and Mrs. George E. Green and Mrs. Charles Boyce and daughter motored to Oxford, Ohio, yesterday and attended the Tree Day exercises given at the Western College.

—Mrs. Helen Mitchell, arrived home last evening from Wakefield, Kansas, where she has been visiting for several weeks. She was accompanied by Graham Pugh, son of Mr. and Mrs. Jesse Pugh of Kansas City, formerly of this city.

BIOLOGICAL STATION IS FIELD LABORATORY
Indiana University Summer Session at Winona Lake Offers Chance For Practical Study.

The Indiana University Biological Station, located on Winona Lake, Kosciusko county, Indiana, in the grounds of the Winona Assembly, will afford those interested an opportunity in field laboratory work.

The summer session at Winona Lake offers the opportunity not only for the best of work, but for wholesome recreation. There are several factors which contribute to the pleasure of working at the station. The conventionalities of the university are left behind and, as the number of students is not large, all become acquainted and associate much as a large family. Work begins at eight o'clock in the morning and closes at four in the afternoon and is so planned that the student, by working intensively, can do it in this time. The rest of the time is open for recreation and may be spent in swimming, boating, fishing, tennis, golf, etc. In addition to the natural outdoor attraction of Winona Lake, there is the Winona Assembly, which offers an excellent program each evening for six weeks of the term.

Station Field Laboratory.
The Station owns two buildings located on the lake front at the mouth of Cherry Creek, and the necessary equipment for teaching the courses offered and for research in cytology, limnology, and certain lines of genetics.

The Biological Station is a field laboratory. Emphasis will be laid on field work, and on such lines of work as can be given to better advantage at the Station than with the equipment of the University laboratory and under the restrictions imposed by a recitation schedule during the regular University sessions. In general, the work will be adapted to the needs of medical students, teachers, and investigators in lines of Zoology, physiology, and botany. Each class will go to the field or lake as often as may be desired daily if necessary. A number of general excursions are taken to familiarize the students with the lake and the neighboring region. Four years ago a systematic survey of the Indiana lakes was begun. A hydrographic map of each lake is constructed and the physical, chemical, and biological elements of the lake environment are determined by suitable methods.

SEEK TO WIPE OUT DISAPPOINTMENT OF DEFEAT IN LAST YEAR'S FIVE-CENTURY

Chassagne breaking through the retaining wall of the course and narrowly escaping death, and Thomas finishing a poor tenth. In extenuation of Thomas and Chassagne it must be said that their trouble was due to defective wheels, whose weakness did not become apparent until it was too late to secure a new supply. After Chassagne's smash and that of Wagner, another team-mate, Thomas drove cautiously, to avoid a similar experience. This year both Thomas and Chassagne state their mounts are ready for the grueling test of 500 miles over the rough bricks of the Indianapolis race-course, and if they do not finish one, two, they will have no alibis to offer.

DELEGATES CHEER THOMAS MARSHALL
Continued from Page One

vice president, being considered as presidential timber. "While he is not a candidate," Ralston said, "the delegates from Indiana will go to the convention to bring about his nomination."

The band struck up a patriotic tune and the delegates and visitors cheered wildly. The following alternates for delegates-at-large were named: Mrs. Bessie Lannenstein of Evansville; Mrs. Mary McNutt of Indianapolis; Mrs. Hortense Moore of Rockville and Mason Niblack of Vincennes.

The report of the committee of rules deviated from the usual order of business but there was no fight over any question. Just before this the vice-president delivered the keynote address on the national issues. He received much applause when he protested himself a Wilson democrat but did not get much of a rise when he mentioned the prohibition issue.

Claude Bowers delivered the keynote on the state issues, criticizing the record of Governor Goodrich and telling what the democratic party proposed to do if put in power next November.

Following are the main planks which the democratic state convention nailed into its platform: Endorsement of President Wilson's administration and the scoring of Governor Goodrich. Repeal of the state tax law and enactment of one giving local taxing bodies control over bond issues and tax levies. Proper compensation for school teachers.

Amendment to the state constitution enfranchising women if the federal franchise movement fails to be ratified before the November election.

Issuing of automobile licenses by county clerks. Denouncement of the present state highway commission as wasteful and extravagant.

Urges ratification of the treaty of Versailles.

Reduction of national taxes. Declares for a state war memorial with pledges to make Indiana the national home for the American Legion.

Gives Credit Through the Land
Backache, lame and stiff muscles and rheumatic pains are often symptoms of deranged kidneys. "I had weak bladder, had kidneys and liver," writes Willie Carter, Luxar, Pa. "I could not sleep well and my back pained me awful. I had a dizzy feeling in the morning. Since taking Foley-Kidney, PMs I have been relieved of all such ailments." They rid the system of the poisonous acids that cause aches and pains. F. B. Johnson.—(Adv.)

A Menace to Country Life

Will our cities eventually bring disaster to our country towns? In doing this will they also bring ruin upon themselves?

In accomplishing both of these will they become a menace even to the stability of the republic? There is a grave danger that all of these may happen.

A few years ago in any city a woman could be secured to clean house for \$1.50 or \$2.00 a day. Now they receive as high as \$4.00 a day and three meals.

Carpenters, plasterers, bricklayers and others in the trades formerly were content with \$4.00 and \$5.00 a day. Now they demand as high as \$8.00, \$10.00 and more a day and get it.

In the factories, on the railroads, in the offices, behind the counters, everywhere the same story is told in the big cities. Wages are mounting and the amount of work accomplished in a day is decreasing.

Profiteering in clothing and other necessities and luxuries of life flourishes unchecked. There is no diminishing of this crime because city people have gone insane on the subject of spending.

Merchants have made the bold statement that they have offered excellent articles at moderate prices only to have them rejected by the buyers as "too cheap". Unable to dispose of them, they have tagged the same articles at double the price and they have been immediately

Castor Oil Now Made Tasteless

Remarkable Process Perfected by
Chemists of Spencer Kellogg
& Sons, Inc.

Nobody ever dreamed that castor oil could be made tasteless. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is made absolutely tasteless. Nothing is removed except that disagreeable taste. Strength and purity remain absolutely unchanged. It's the same castor oil that your doctor prescribes with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grown-ups! Insist on Kellogg's Tasteless Castor Oil if you want a castor oil that is really tasteless. Two sizes, 35c and 65c. At all good druggists.—Adv.

snapped up by the profligate spenders.

We might fill the columns of this paper with such cases and still tell only a small portion of the story.

This riotous use of money in the cities is having an injurious effect upon country life. It is enticing our young men and young women from us and is leaving the rural communities stranded for help. It is forcing us to pay exorbitant prices for commodities when we are curtailed in our own power of production and in our earning capacity.

The false lure of sudden wealth is proving too much for the country boy and girl. They are forsaking their happy and peaceful homes and are rushing in droves to the call of the cities gone mad.

The bubble has been inflated almost to the bursting point. It cannot forever stand the increasing strain. In time it must collapse.

Already city banks are curtailing their loans for building purposes. It is necessary to stop the alarming inflation of fictitious values. Following this may come a cessation of activity in the building trades, with \$10.00 a day laborers looking for jobs that are not to be had.

Similar conditions may be expected in other lines, with money becoming tighter as work ceases, providing conditions do not change.

Added to this will be the scarcity of food. If farmers lose their help they can not produce the food necessary to feed the cities and the country towns.

A country town is dependent largely upon the farming community adjacent to it. If those farms become non-productive for lack of help the country town is a heavy sufferer.

And that is the condition in which we fear we will soon find ourselves in the country towns.

The insanity of the cities has done its work only too well.

If that insanity is checked disaster can be avoided. But if not checked the crash will inevitably come.

Wholesale assinty has never yet been known to produce any permanently beneficial results. But it has toppled kings from their thrones, overturned republics, and let loose the wildest passions of ungovernable mobs.

The rural population of America is not overjoyed at the prospect the

"BAYER CROSS" ON GENUINE ASPIRIN

Safe, proper directions in
each "Bayer" package

The "Bayer Cross" stamped on tablets means you are getting true "Bayer" Tablets of Aspirin—proved safe by millions of people—the genuine Aspirin prescribed by physicians for over eighteen years. In every handy "Bayer" package are proper directions for Colds, Headaches, Toothache, Parache, Neuritis, Rheumatism, Lumbago, Sciatica, Neuritis and for Pain generally. Tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Mono-acetic acid ester of Salicylic acid.

Amusements

Edith Roberts at The Mystic

The difference between life on a Texas ranch and in exclusive society circles in England failed to daunt pretty Edith Roberts, star of the Universal photoplay "Her Five-Foot Highness", which comes to the Mystic Theatre on Friday.

In this new venture, Miss Roberts plays the part of a ranch girl, who is suddenly transplanted to the estate of an English Duke.

The story opens with her managing the Texas cattle ranch left by her father, who had come to America years before, severing all connection with his family in England. Her uncle, the Duke of Wiltshire, dies in England leaving his estate to his brother's daughter. She goes to England to establish her identity but meets many difficulties. She also falls in love, which isn't regarded as one of the difficulties. But things eventually turn out all right.

The picture was directed by Harry Franklin. Other Universal favorites in the cast are Virginia Ware, Ogden Crane, Harold Miller, Stanhope Wheatcroft, Kathleen Kirkham, Rudolph Christians, Hugh Saxon, Leota Lorraine, Leonard Clapham and Henry Woodward.

Ethics and Epigram

"There's nothing holier in heaven than your own little job." And "The man who fills his little niche on earth in the very best way that it can be filled, is as good as any angel in heaven." are two sayings which sound like different versions of the same epigram of Rev. Robert J. MacAlpine in his address to the Kiwanis club. Whether Pastor MacAlpine said both these things, or only one of them, he put a grand truth in a crisp form. Honest, efficient work is not only a worldly quality but a high moral function. —Buffalo Times.

School Notes

By J. H. SCHOLL

School will close on May 26. Grades 1, 2, 6, will close their work on May 25. Grades 4, 5, 6, will close their work at noon May 25. The high school had examinations this afternoon and they will continue all day Thursday and the forenoon of May 24. The seniors took their final examinations yesterday.

The classes in the Junior High School were given as a test "One Hundred Jones Spelling Demons". The grades made were as follows:

Grade 7 B, 38 pupils average, 99.4%
Grade 7 A, 20 pupils, average 94.2%
Grade 8B, 23 pupils, average 88%
Grade 8 A, 22 pupils, average 95.25%
Grade 9B, 10 pupils, average 97.4%

The work in penmanship has made remarkable progress this year. The Palmer System has been taught with Miss Ruth Spivey as supervisor. The pupils, almost without exception, have taken great interest in the work. During the last month many test papers have been sent to the Palmer office for grading. A large number of pupils in the high school have sent specimen books for which they will receive a diploma from the Palmer Company. The teachers have taken with no doubt notice the beautiful number will have completed enough children to show you a specimen. Certificate Diploma. While progress has been great, the work, that the teachers and pupils have done this year will prepare the way for much greater progress next year.

The pupils gain in speed and legibility. This makes much progress in taking dictation. The pupil writes with ease because he has learned the art of writing with the muscular movement. The names of the pupils making the progress according to the different grades have been kept on file so that the work may continue until all the pupils have obtained their diplomas. The definite standard set up is a means of creating and maintaining interest. The parents will no doubt notice the beautiful handwriting of the pupils. Ask your children to show you a specimen.

Tuesday afternoon the 8-A class in the Junior high school gave a play, entitled, "An Old Time School". The pupils displayed excellent talent in their presentation. A number of visitors were present. The make-ups were very clever and each one played well his part.

The poster work by the art department of the high school has elicited many favorable comments. Besides the many basketball posters, he ones made for the senior class plays were especially fine and did much credit to the pupils. In co-operation with the department and as a means of furthering the interest in the work. The Pilman-Wilson drug store has offered prizes for the best posters made since the class play. The posters will soon be on exhibition and a committee outside the school will pass upon the merits of the work.

Herbert C. Flint of the Rush County National Bank recently gave two lectures upon "Banks" to the senior history classes. Other lectures have been given as follows: "The Courts", by Judge Will Sparks and "The Postoffice," by Chas. H. Brown. These talks, arranged by I. T. Shultz, have brought the school and the state into close relationship and the talks have been full of information of value to the pupils.

CONTRIBUTES \$10 TO FUND

The Sunday school class taught by Mrs. George F. Sheldon at the First Presbyterian church has donated ten dollars to the Woman's Council, which is to be applied on the expense incurred by the milk feeding diet given the pupils in the lower grades of the Havens school building.

Cut This Out—It Is Worth Money

TWO ATHELETES GO FROM HERE

Herman Phillips and John Davis Will Represent Rushville in Two Entries at State Meet

WON POINTS AT CONNERSVILLE

State Meeting Will be Held at Lafayette Saturday When Records Will be Made

The Rushville high school will send two representatives, John Davis and Herman Phillips, to the state track and field meet which will be held Saturday at Lafayette. These two boys won the right to go to the state meeting by winning points in the sectional meet held at Connorsville last Saturday.

At the sectional meet Phillips ran the mile race in five minutes and two seconds, outclassing all of the other schools and John Davis won second place in the high jump.

Phillips stands a good chance of winning the mile race at the state meet as his time is considered exceptionally fast. Davis may also make a few jumps for Rushville on the high jump.

Last Saturday at ten centers in various parts of the state, high school athletes competed for the honor of representing their school in the state championship track and field meet to be held May 22. To qualify for the state meet an athlete had to win a point in the sectional meet.

The Indiana High School Athletic association held its first track meet in Bloomington May 14, 1904. Each year the competition has become stronger and more schools have entered the association and more athletes have competed until a few years ago the board of control started the sectional track meet system to care for all athletes, entered. In this way only the best athletes have a chance to compete in the state meet and the track is not too crowded.

The sectional meet plan is fair to all. Records should go if the weather is warm and there is no rain. At Purdue there is one of the fastest cinder tracks in the country, and if the point winners in the sectionals are fast as some of the reports from the sectional meets indicates, new records will be made.

Last year Crawfordsville won the state championship in a meet at Richmond.

Heavy rains made the track soft and for that reason, no new records were made in 1919. However all the athletes want this year is hot dry weather and they promise some new records in the track events.

Mrs. Albert Capp will entertain the members of the Chit Chat club Friday afternoon at her home south of the city.

Mrs. G. V. Conway will be hostess for the members of the Thimble Club Friday for a one o'clock luncheon. All the members of the society are cordially invited to attend.

All members of the Life Saving Guard of the local branch of the Salvation Army are requested to appear in full uniform at the meeting of the Young People's Legion Friday evening at 7:30 o'clock at the church.

THIS WILL ASTONISH RUSHVILLE PEOPLE

The quick action of simple witch-hazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash, will surprise Rushville people. One girl with weak, strained eyes was helped by a single application. Her mother could hardly sew or read because of eye pains. In one week she too was benefited. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. Wolcott, Druggist.—(Adv.) 2

Mr. and Mrs. Eli Lucas entertained with an elaborate dinner party Sunday at their country home north of the city. The centerpiece for the table was a large bouquet of lilacs. The guests were Mr. and Mrs. W. J. Hudson, Oliver Hudson and sons Loyd and Marvin of Mays, Mr. and Mrs. Davis Wright and sons Earl, Glen, Roy and Raymond and Mr. and Mrs. Kirt Benson and daughters Lena and Geneva. Late in the afternoon refreshments of ice cream and cake were served.

The Woman's Missionary Society of the First United Presbyterian church was entertained yesterday afternoon at the home of Mrs. S. H. Traub in West Seventh street. The regular program and business session was held, followed by a social hour and the serving of refreshments.

The Glenwood Woman's Home Missionary Society proved themselves to be excellent entertainers this week when the twenty-ninth annual meeting of the Woman's Home Missionary society of the Commersville district, Indiana Methodist conference, was held in the Glenwood M. E. church on Tuesday evening and Wednesday.

The thirty societies of the district were well represented at the meeting, about twenty going from the Missionary society of the St. Paul's M. E. church. Mrs. Sadie Williams was the special delegate from this city.

On Tuesday evening the Queen

RAPHAEL PEYRE

Raphael Peyre, noted French sculptor, who has come to America. His latest work, "Crusading for Right," has been bought by the officers and men of the marine corps for \$11,000. It is a bronze figure of an American marine.

Esthers of the Glenwood church had charge of the meeting and rendered a delightful program. The welcome address was given by Mrs. John Fulton, with Mrs. M. C. Harley responding. Miss Emma Newman of Glenwood gave the "Story of Queen Esther" and a little playlet entitled "Queens and the Kingdom" was given by the Circle. The address of the evening was delivered by Mrs. A. C. Hawn.

The program yesterday morning opened with Mrs. E. M. Michener leading the devotions. Most of the morning was taken up with a business session, during which committees were appointed and the minutes read of the last convention. Reports were also given from the auxiliaries, Queen Esther Circles, department secretaries and the treasurer. The following officers were elected: Mrs. Rhoda Oslitt, of this city was re-elected president; Mrs. Ochitree of Glenwood, first vice-president; Mrs. J. E. Harrell, second vice-president; Mrs. J. H. Link of Glenwood, corresponding secretary; Mrs. E. B. Poundstone of this city, recording secretary and Mrs. C. E. Bennett of Brookville, treasurer.

Mrs. George Keene, editor of the Woman Home Missions, delivered a most excellent address in the morning on "The Official Origin of Woman's Home Missions," in which she gave many interesting facts. In the afternoon she lectured on "The White Work in the South," which was also very much appreciated.

Mrs. A. Stratford, the conference corresponding secretary, also delivered an address in the morning on "Do and Don't," which was the closing event of the morning program.

At the noon hour the Glenwood auxiliary served a very delicious lunch and the afternoon program opened at one o'clock with Mrs. T. E. Murphy leading the devotions. The ladies quartette of the local society delighted the audience with a beautiful musical selection which was followed by the uplifting address given by the conference president, Mrs. F. B. Clark, on "Our Aims." In her lecture Mrs. Clark pointed out the work the societies should do and the goals which the auxiliaries look forward to. The president made a very deep impression on the audience through her lecture. The program closed with the installation of officers and the closing prayer by Mrs. Clark.

HE WAS BUT HE ISN'T NOW

Mose Rose Loses His Job After Paying Fine For Craps Shooting

Nathan P. Fletcher, proprietor of a local shoe repair shop, wished the Daily Republican would correct a statement appearing last night when in connection with a "craps" game staged in front of police headquarters, Mose Rose, colored, paid a fine, stating that "Rose is employed at the Fletcher Shoe Shop." Mr. Fletcher says that it should have been, "he was employed" as their connections were severed when he paid the fine for gaming.

Lester Caron appeared this morning before Squire Stech and pleaded guilty to the same charge and was fined \$5.00 and costs, the charge stating that he was "the other fellow" with the negro when they staged a little game by themselves Tuesday afternoon.

The Girls Circle of the Little Platoon Christian church will give a box social in the New Salem high school auditorium Friday night to which the public is cordially invited.

RECORD IS SET FOR LAW SUITS

Total of 20 Have Been Filed in Circuit Court This Week; Which is an Unusual Number

FOUR CASES FILED TODAY

One is For Divorce; One to Foreclose a Lien and Two For Collections on Accounts

Four law suits were filed today in the circuit court by C. W. Dugan, a local attorney, and the total number of civil cases filed for the week was brought up to 19 which is a rule is more than is usually filed in a single month. Besides these cases one other case was received here this week on a change of venue from Hancock county, making in reality 20 new cases on the docket.

Clara Dixon has filed suit for divorce from John E. Dixon, alleging that he was guilty of cruel treatment in that he often cursed her and called her vile names that were too indecent to be repeated, and that he threatened to do her bodily harm, and even threatened to kill her. She also complains of him by saying that he was guilty of gambling and other riotous living.

Mrs. Dixon says in her complaint that they were married June 14, 1915 and separated May 14, 1920. She asks for an absolute divorce and that her former name of Clara Floyd be restored.

Wilbur E. Chance, a business man of Plymouth, is made defendant in two cases, which are suits on accounts that are alleged to be past due. One of the cases is a complaint for \$300 which Hamilton, Harris & Company say is due them for tobacco, and the other suit is for \$90 damages, with the Flatow, Riley and Company, a corporation, demanding the money for merchandise purchased from them.

The Capitol Lumber company of this city has filed a complaint on account and foreclosure of a mechanics lien against Fronia L. Murphy and Noah Murphy. The lumber company alleges that they furnished material for repairing a dwelling house on the Murphy farm, and the account is unpaid and past due, and that they took a mechanics lien on the property for their protection.

The plaintiff demands the court to order the property sold in order to make payment on the bill, and asks that they be given \$75 which they maintain is due them.

F. C. ANDERSON IS BURIED

Funeral Today For Milroy Resident Who Died Tuesday

Funeral services were held this afternoon at Bethel, Ind., for the late Frank Scott Anderson, age 71 years a pioneer resident of Milroy, who died Tuesday afternoon at the Epileptic Village, near Newcastle. Mr. Anderson was taken from Milroy only a week ago to the hospital near Newcastle, and his death was quite sudden. The remains were taken to the home of his daughter Mrs. Lulu Jones at Lynn, Ind., and interment was made this afternoon at the Bethel, Ind., cemetery. E. O. Anderson of Milroy and Mrs. Jones are the only children and survivors.

HELP IS EXTENDED TO MANY CHILDREN

Continued from Page One

One child underwent an operation for deflected septum through the assistance of the board.

One child was taken to the Robert Long hospital in Indianapolis to undergo constitutional treatment to correct vision.

One child is now in the Long hospital under the care of Dr. John Oliver for hip disease.

One child is on the waiting list in the Dr. Oliver clinic, Long hospital.

One child is on the waiting list for examination in the Dr. Frank Morrison clinic, Long hospital.

One girl is in training for foreign service in a mission school in Cincinnati.

RHEUMATISM

Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-Four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases and he has instructed your druggist to guarantee it in every instance. (Advt.)

GOOD EYESIGHT IS INEXPENSIVE

The money and time devoted to having your eyes examined regularly and your glasses kept in adjustment will pay liberal dividends in better eyesight, greater efficiency, greater earning power and freedom from the ills and discomforts that make life miserable when you need a change of lenses. Have us examine your eyes regularly.

Thousands of Cases of Dyspepsia—

BUT ONLY ONE
PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEPINCO fail. But why not consider the recommendation of thousands of people who have used PEPINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEPINCO to-day.

Ask your druggist—he sells and recommends Pepinco.

MAY HAVE RIGHT TO BECOME ELDERS

Presbyterian General Assembly at Philadelphia to Vote on Admitting Women to The Ministry

COMMISSION INVESTIGATES

Survey Shows That Scriptures Did Not Forbid Either Women Elders or Women Preachers

(By United Press.) Philadelphia, May 20—The privilege of admitting women to ordination as ruling elders will be submitted to referendum vote of the entire Presbyterian Church throughout the United States if the recommendation of the commission especially appointed to investigate the matter is approved by the Presbyterian General Assembly, which opens its official annual sessions in Philadelphia tonight.

The commission on the official relation of women in the church consists of Rev. S. Hall Young, Chairman, New York; Rev. Edgar W. Work, New York; Rev. William L. Barrett, Bellefontaine, Ohio; John T. Manson, New Haven, Conn.; and Rush Taggart, New York. It has been investigating the subject for the past year. It canvassed the opinion of leading ministers, elders and women of the Presbyterian Church.

This survey showed that the Scriptures did not forbid either women elders or women preachers; that three other denominations ordain women to the ministry but few women avail themselves of the privilege; that four other denominations did not have women preachers and are not inclined to have them; that the evidence shown is favorable to women as elders but unfavorable of women as ministers; that of the Presbyterians canvassed sixty per cent favored women as elders, forty-eight and one half per cent favored women as ministers, while thirty one and one-half per cent opposed any change in the present usage of the church.

The General Assembly of 1919 received three overtures; one from the Presbytery of Columbia River asked that women be made eligible to ordination both as ministers and ruling elders; the Presbytery of Saginaw, Mich.; asked that they be ordained as ruling elders; and the Presbytery of Dallas, Texas, asked that a committee be appointed to investigate the whole question of enlarging opportunities for women in the Church.

These overtures were referred to the Assembly's Committee Polity. A majority of the committee recommended that the Assembly take no action; a minority report asked that a committee be appointed to take under consideration the whole matter of enlarging opportunities for women in the church and to report to the next Assembly. The minority report was adopted and the committee appointed by the moderator.

The committee held several meetings and conducted a campaign to ascertain the usage in other denominations and to see what Presbyter-

ians thought about the propositions. When the evidence had been gathered, it was found such diversity of opinion existed that the matter should be settled by the presbyterians themselves.

It was agreed to offer a resolution at the General Assembly providing for mail vote. The resolution follows:

Resolved, that the Stated Clerk

be so amended so to admit properly the Presbyteries for their action the following Overture:

Shall the Constitution of the Presbyterian Church in the U.S.A. be so amended as to admit properly qualified and elected women to ordination as Ruling Elders, with all the rights and duties pertaining to this office?

No More Corn Suffering

"Geta-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Geta-It" lands thereon. It is through, and "for keeps."

Corns and "Geta-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Geta-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Geta-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.

Sold in Rushville and recommended as the world's best corn remedy by F. B. Johnson & Co. and Hargrove & Mullin and F. E. Wolcott.

TREASURER OPPOSES BONUS LEGISLATION

Secretary Houston is Not in Favor of Any Obligation to be Placed on Treasury

SAYS WILSON OBJECTS TOO.

Washington, May 20—Soldier bonus legislation in any form however financed is opposed by Secretary of Treasury Houston in a letter to Chairman Fordney of the house ways and means committee.

The letter indicated, democrats on the committee said that President Wilson because of the treasury situation will veto any bill proposing a soldier's bonus.

"I think it highly unfortunate for any obligation such as the bonus legislation to be placed on the treasury," said Houston.

The letter was in reply to a communication to be placed on the treasury's opinion on the proposal of Representative Rainey and Representative Johnson for an 80 percent retroactive levy on war profits.

Warning of the condition of the treasury, Houston said that within three years the government's obligations represented by victory notes, treasury certificates and war saving stamps totalling \$5,000,000,000 will fall due.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

Arlington

Pentecost Day will be observed at Arlington Methodist church next Sunday. New members will be baptized and received into the church.

The Rev. F. M. Westhafer has purchased property of P. J. Lynch in Newcastle and will make his home there after October first, owing to the continued ill health of Mrs. Westhafer.

Prof. W. E. Wagoner, superintendent of Arlington schools, is attending Indiana University completing his course of study for an A. M. degree.

The Rev. Jacob Hester of Henry county passed through Arlington Wednesday while enroute to Rushville.

J. W. Zike who has been ill, shows no improvement.

Margorie Mary has returned to her home in this vicinity after a visit with her grandparents, the Rev. and Mrs. Hester of Henry county.

The Wesleyan College in Marion is to be dedicated June 12 and 13.

Children's Day exercises will be given at the M. E. church in Arlington June 6.

Lib Tribby of Indianapolis has

The Ready Acceptance of CHALMERS is Nation-wide

WHEREVER automobiles are discussed the merits of "Hot Spot Chalmers" are freely conceded.

For its Ram's-horn and Hot Spot devices have solved the problem of extracting the maximum power from low grade "gas."

And Chalmers performance has proved that those engine troubles which are almost invariably associated with the use of this low grade "gas" have been eliminated.

Hot Spot "heats up" the raw "gas," "breaks it up" and vaporizes it into a "cloud."

This makes just the right kind of fuel for the cylinders.

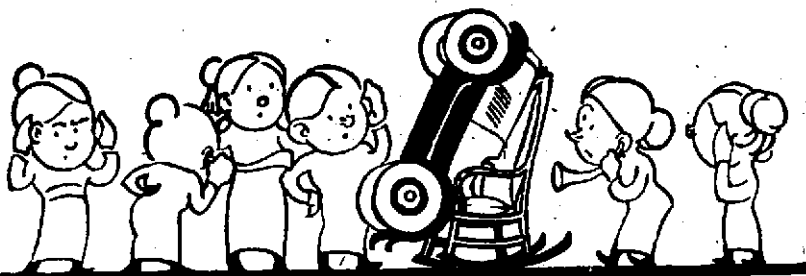

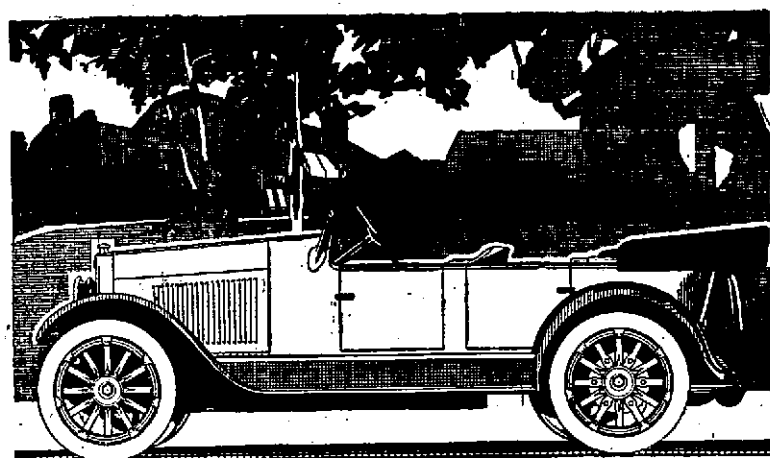

Ram's-horn, with its easy air bends, rushes the "cloud," at a speed estimated at 100 miles an hour, an equal distance to each cylinder, and when the spark plugs ignite the "gas" you get results.

These two devices have done much for Chalmers. They have given it remarkable smoothness. They have brought down the item of repairs and replacements to an almost negligible sum per year.

Many now say Chalmers is one of the few great cars of the world.

Geo. C. Alexander

Is Your Car An Old Gossip Complaining of Ills?

Does it chatter with grief when there's work to be done? Is it gasping for breath when the grade's extra steep? And is your garage just an invalid's home?

Better silence this noise before it's too late and a bill for repairs knocks you flat for a goal. Buy nothing but good

Silver Flash Motor Oil

And be doubly sure of efficient and economical car performance by loading up the tank with *Target Gasoline*.

For you can't get along without either of these good products if you want your car to run sweet and pretty all the time, and for a long time.

They're made for one another, like thunder and lightning and love and kisses, and the sooner you find it out, the better for you and the bankroll and that bus of yours.

They both come from the same wells, gushing with the finest crude petroleum. They both are made to the time tested specifications of our expert chemists.

This insures uniform quality and co-ordinating efficiency; swell team work, in other words.

been visiting her daughter, Mrs. Lillian Price, a few days.

The Rev. F. M. Westhafer and Mrs. Walter Richey and Mr. and Mrs. D. M. Pressnall motored to Newcastle Friday. The Rev. Mr. Westhafer made a business trip and Mr. and Mrs. D. M. Pressnall visited his brother-in-law and sister Mr. and Mrs. Wall.

Youngest of Famous Racing Brothers Enters 500-Mile International Race

Gaston Chevrolet, youngest of the famous racing brothers, has been named as the second member of the Monroe team which will compete with a trio of cars in the 500-mile race for \$50,000 to be held at the Indianapolis motor speedway, May 31.

Gaston broke the world's record for the 100-mile mark in competition when he won the 100-mile free-for-all Independence Day race at Sheepshead Bay last season with an average of 110.5 miles per hour. Later in the year he made an average of 108.95 miles per hour over the same track when he won the 150-mile Labor Day event. Teaming with Joe Boyer, he won the 225-mile race at the Uniontown track, and he was sixth in the list of drivers in all races for the year.

He showed marvelous driving ability in the 1919 Indianapolis race when he was neck and neck with Ralph DePalma and his brother, Louis, in a daredevil exhibition that brought the stands to their feet. At the climax of the struggle his right front wheel snapped off, but he brought his car into the pits safely.

NOTICE

The girls circle of The Little Flatrock Church will give a box social at the New Salem auditorium on Friday night May 21st, to which the public is cordially invited. 5841

Gasoline Engines and Power Washing Machines

Make Blue Monday a Pleasure by Buying a Fairbanks Morse Engine and the Famous Woman's Friend Power Washer.

The FAIRBANKS MORSE ENGINE has the built-in magneto and the price is the lowest of any standard make engine with built-in magneto.

The WOMAN'S FRIEND POWER WASHER, Single or Double Tub has two stationary wringers which make it solid and more durable and with the small end of the tub at the bottom it does not require as much water for a small washing as for a large one and has a much larger rubbing surface than any other machine. The only power machine with small end of tub at bottom.
